## Diverse Supplier Mentoring Program

### Let Us Help You Get Your Business To The Next Level!

Capital One's Diverse Supplier Mentoring program provides mentorship in marketing, cash flow, data security, finance and more, to create lasting relationships with local businesses.

As part of [Capital One's Impact Initiative](#), a \$200M, five-year commitment to support growth in underserved communities and advance socioeconomic mobility, the supplier diversity mentoring program aims to accelerate the success of small and diverse business owners to create more jobs, strengthen the local economy and move our society toward a more equitable future.

### What to Expect

Through the program, Capital One associate mentors and mentees work together over a six month period to focus on a clear vision and specific goals. Those goals help to guide mentorship discussions as the teams determine how to achieve those goals and overcome potential obstacles.

### Program Start Date

**June 13th**

For more information, a list of class dates and an application, please reach out to [Allison.Kube@capitalone.com](mailto:Allison.Kube@capitalone.com).
